

FIRE IN THE DISCO (FOR 4 PEOPLE)

This bona fide trailblazer is a sufrefire way to make the night hot.

ADD SOME HEAT TO YOUR NIGHT:

- 1 oz Mezcal (tequila's smokey cousin)
- 1 oz Chartreuse
- 1/2 oz Yellow Chartreuse
- 1/4 oz Giffard Piment D'espelette (Chile Liqueur)
- St. George Absinthe Verte
- 1 barspoon for each glass

METHOD

Begin by adding the absinthe to a shot glass, swirl to coat, and then set aside. Combine the other ingredients into the pitcher with ice cubes and stir for 30-seconds. Finally, light the absinthe with a match or long lighter to accentuate the licorice aroma.

CAUTION: Lighting the glass will make it extremely hot. Let the mixture cool before drinking. Then, blow out the flame and strain it into the shot glasses.
